Call to Order

- **Jacqueline Kurth, Co-Chairperson**, called the Community Outreach and Training Work Group meeting to order at 1:05 pm with twelve (6) members and four (6) staff and guests present.

Welcome/Introductions

- **Co-Chairperson Kurth**, welcomed everyone and asked them to introduce themselves and the agency they present.

Approval of Minutes

- Minutes for the meeting held January 29th, 2019, were reviewed. Revisions were suggested and recorded. **Larry Tracey** made a motion to approve the minutes with revisions. The motion was seconded by **Doug Skvarla**. Motion passed with no dissenting votes

Community Training/Resources Report Out

- **Cortney Whitley, SGM**, and **Ms. Deborah Stoks** with the Arizona Air National Guard presented the website Governor's Office Prevention Resource Hub. The primary tabs were Community, Family, School, Business and Treatment and each had specific quick access to information. They noted that the links were direct links and would automatically update and would be easier to maintain. **SGM Whitley** noted it still needs an introduction and narrative to introduce the site and how to use the hub. Overall everyone appreciated the hard work and like the look and thought it was a very clean site and would be easy to use.
- **Tracey Cruickshank, Co-Chairperson**, and **Ms. Stoks** discussed the search options and **Mr. Skvarla** noted it was very organized and they brought in facilities and usable tools and they did a great job. **Co-Chairperson Kurth** noted she like it broken into different groups and it was nice and clear and all in one place. **Mr. Tracey** agrees and liked that it could be used for county or state wide. The group continued their discussion about the available resources and benefits.
- Upon request, **Samuel Burba** showed the Governor's Office of Youth, Faith and Family website for substance abuse and how to use the links Prevention, Treatment and Recovery.
- **Mr. Skvarla** stated he could it made sense to host the tool on the Youth, Faith and Family website if there was a good place for it. **Mr. Burba** noted it was good possibility and would need to talk about how to expand the website.
- **Mr. Tracey** noted he did not want it to get buried or be repetitive and would like to see it on the main page. There was other discussion about possibly sharing the URL. **SGM Whitley** commented that she would like to see if it could be ready to roll out by September at the seminar, that it would be free marketing and other group presentations this fall.
- The group discussed the need to refine and develop introductory language for the resource hub. **SGM Whitley** asked that suggested language for the introduction be sent to her and she will have it updated for the next meeting for "quality check" by the committee.

Substance Abuse Strategies

- **Mr. Burba** discussed the current Prescription Drug Misuse and Abuse Toolkit strategies with the group to gauge the viability of simplifying the strategies for all substances of abuse.
- **Ms. Sjolander** discussed broadening the use and have tools for all types of all substance to cover everything, and actual items and summary of bigger plan. **Mr. Burba** noted it would be a large undertaking for the workgroup and for the state.
- The committee then discussed the different drugs other than prescription, and if they should take a broader approach. Consensus was that the group should take a broadened approach while not losing site of the opioids and overdose deaths.
- **Mr. Skvarla** stated that if the Toolkit was revamped now it would be tough/impossible to complete by December.

- There was discussion about not being duplicative of work and staying on plan for substance abuse and adopt the web-based toolkit as platform. **Ms. Sjolander** noted one plan for the state would be less confusing and get stakeholder input.

Future Meeting Dates
